### Planning & Transport Action Plan 2023-2024

Objectives from Council's 4-year Plan:

Housing and Planning

- 1. We will monitor the use of and review the Battle Civil Parish Neighbourhood Plan for any amendments for recommendation to Rother District Council.
- 2. We will open talks with developers to obtain good facilities for residents e.g. pedestrian access from Blackfriars to the railway station.
- 3. We will take into account the Council's Neighbourhood Plan, Heritage Charter, sustainability, environmental impact and biodiversity when considering all documents submitted with planning applications for land in the Council's area.

Highways and Transport

- 1. We will continue to work towards the aspiration for reclassification of the A2100 to a C road between High Street roundabout and Queensway in order to reduce usage by HGVs and through traffic which have a major impact on pollution and congestion in the town.
- 2. We will seek locations appropriate for a speed limit of 20mph.
- 3. We will review operational use of overflow car park.
- 4. We will meet with transportation partners and respond to their effect on the Battle Civil Parish and surrounding villages.
- 5. We will support green transport initiatives.

Terms of Reference Objectives:

- 1. To ensure that the views of the Council on planning matters are effectively and fully expressed to the District and other Councils.
- 2. To develop policy and make recommendations to Council in relation to parking, public transport, highways and footpaths in the Battle area and to liaise with other Authorities having responsibilities in these fields.
- 3. As far as is reasonable and lawful to take into account the views of residents on matters for which the Committee is responsible.
- 4. To ensure that the Battle CP Neighbourhood Plan policies are applied when considering planning applications.

# General

Specific Objective	Action to be taken	Frequency	Last Actioned
Identify training needs and seek information/courses.	Ascertain training needs of Committee members	Ongoing	
Ensure that the public can see transparency in deliberations	At each meeting, members invited to declare any interest which might unduly influence discussions	Ongoing
